Paul,

I'm looking through records and old files from the last pretreatment manager. I haven't found a copy of that Ordinance yet, but I have a couple leads to look into and will contact our City Clerk to see if they can review records again to see if we have that document in some form or another.

I'll update you again tomorrow on what I discover.

Thank you,

Craig,

At the time BOE was issued its first permit May1, 2016, and at the time the permit was modified on January 31, 2017, the City operated under a different Ordinance. In your explanation note to attachment #7 of the 308 response, you stated city clerks did not have a copy of the 2015 Ordinance, which I presume would have been the one in existence at the time the permits were issued. Would a copy of that ordinance by chance be in a Pretreatment file somewhere? Also, can you give me the date the 2017 Ordinance was adopted?

Thanks,  
Paul
